Greg Hindle is an honours graduate of the Ontario College of Art in Toronto and was awarded an assistantship for a graduate year of study in Florence, Italy. He later served as an instructor at OCA for over 25 years and has taught drawing and painting workshops for many Ontario art groups. His landscape painting programs focus on the natural environment. Through his program in the French River, he joined the Arts in The Wild alliance and served on their executive committee. His program gained media attention and was published in several magazine articles and also in a book titled “An Artist’s and Photographer’s Guide to Wild Ontario”, published by Boston Mills Press 2007. Greg’s artwork is deeply rooted in an affinity for nature and the compassionate observation of humankind. His narrative paintings are touched by ironic humour as they explore the relationship of Canadians to their environment and culture. Greg’s work is represented in corporate and private collections in Canada, the U.S. and Great Britain, and can be viewed online at [www.logsendstudio.com](http://www.logsendstudio.com)
